Our Values

Culture of Care

We will carry out our mission with compassion and empathy. We believe that how a person is treated is as important as the medical care they receive.

Accountability and Trust

We will strive to build a reputation within the communities we serve by listening, being responsive, and being consistent in our actions.

Respect

We will treat our customers, business associates, and each other with fairness and confidentiality with considerations for varying opinions, values, backgrounds, cultures and religions.

Integrity

We will act responsibly with professional spirit and character at all times.

Needs Focused

We believe that health care is a commitment to provide services to those in need. Patients' needs are our top priority.

Grace, Dignity and Honesty

We are committed to conduct ourselves with grace, dignity and honesty to promote the well-being of all patients, visitors and staff.
